Ben, you will likely be interested in OP's comments below that I've highlighted.  
There are other options we'll need to think about within OTAQ (e.g., no-cost/no-benefit rule) but this is interesting feedback in the meantime.

Bill, this just came in; the aircraft team will be in touch with you further at a later point.

Hi Kathryn, I wanted to share with you the comments we just received from OP on the aircraft analytic plan, specifically those indicating we need to redo the Early Guidance meeting. Let me know your thoughts. Thanks!
